About NMD – National Mold Detection (NMD) is a leading mold inspection company for residential and commercial properties.

Know your environment

National Mold Detection

*Mold can grow
undetected in your home*

Mold inspection is needed:

- After water or moisture intrusion
- If you smell musty odor
- If mold growth is visible
- Before purchasing property
- In the event of unexplained health problems
- Before expiration of new home warranty to ensure coverage
- To verify effectiveness of mold remediation work

Mold can affect you

Serious health problems such as allergies, asthma and respiratory problems can be caused by mold spores and other fungal components, toxins and allergens in your home. Mold can cause substantial damage to your home, reducing its resale value.

Highly trained

Highly trained inspectors and mold detection canines are the best way to detect visible and hidden mold. With continuing education, our mold inspectors are constantly striving to provide you with the most professional and accurate mold inspections.

Only we provide:

- Mold Inspections
- Canine Mold Scan
- Sampling & Testing

By certified and insured:

- Mold inspectors
- Mold detection canines
